

Preliminary Results Meeting: Clay County's Community Health Assessment

* As you may remember, the Clay County Health Department has been conducting a community health assessment with partners and community residents to learn more about the health status of our county. Our goal is to determine factors that contribute to local health issues, as well as identify areas for health improvement.

Preliminary results have been compiled, and now we need YOUR help to prioritize Clay County's top health issues! Lunch will be provided.

July 16, 2015 from 11:00 am to 1:00 pm

Thrasher-Horne Center

283 College Drive, Orange Park, FL 32065

RSVP to emily_suter@hpcnef.org
